The wrong Fig. 11 was published in the paper (Fig. 8 was reprinted again as Fig. 11). The correct Fig. 11 is given below. Additionally, as Fig. 7 did not show the actuator disc completely, it is reproduced again here so that the geometries may be better compared.

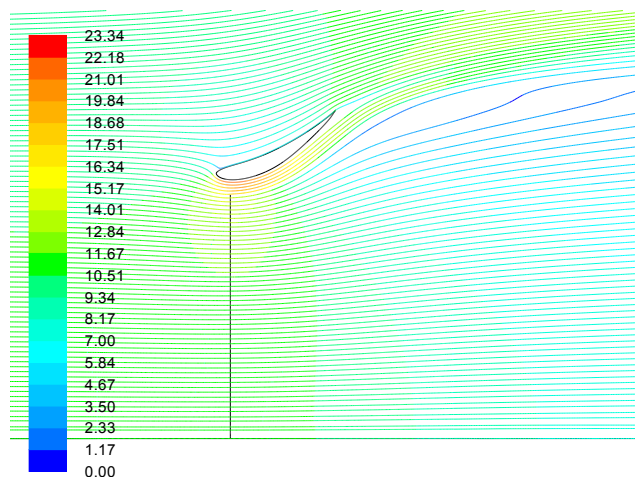

Figure 7. Streamlines of design for optimal C_p .

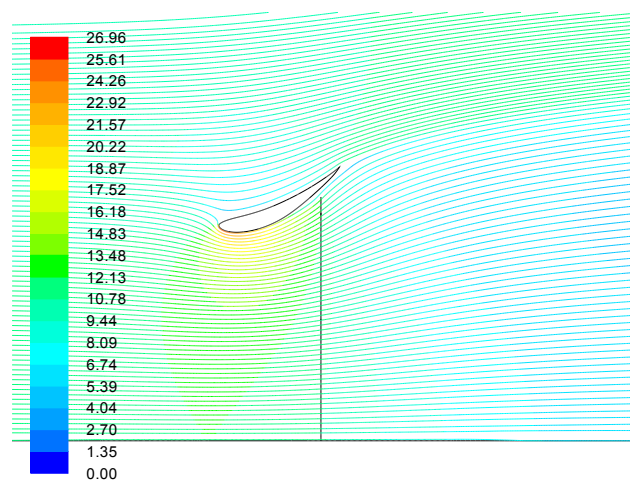

Figure 11. Streamlines of design for optimal $C_{p,total}$.
