During proofreading, incomplete funding information was provided for the “Financial support” section in the above-mentioned publication. The correct “Financial support” section is shown below.

**Financial support.** The FarmConnors market showcases are organised and conducted under the FarmConnors project, funded by the European Union’s Horizon 2020 research and innovation programme with grant agreement no. 857844. This publication has also been supported by NorthWind (Norwegian Research Centre on Wind Energy), co-financed by the Research Council of Norway, industry, and research partners (contract 321954). The contribution by Vasilis Pettas is funded nationally by Stiftung Energieforschung Baden-Württemberg (project name WOOP, FKZ: A341 21).
