“An analysis of offshore wind farm SCADA measurements to identify key parameters influencing the magnitude of wake effects” by Niko Mittelmeier et al.

Answers to comments of anonymous Referee #1 and Editor-in-chief, Jakob Mann by

Niko Mittelmeier et al. September 08, 2017

Dear Referee, dear Jakob,

Thank you very much for reviewing our paper. We have made all proposed language corrections.

"dependency" -> "dependence" Changed everywhere

l3: "at turbines" -> "for turbines" Changed

l4: "intensity, to" -> "intensity to" Changed

l5: "by (Ott and Nielsen, 2014)" -> "by Ott and Nielsen (2014)" Changed

l8: "behaviour than" -> "behaviour to that of" Changed

l9: "in turbulences" -> "in turbulence" Changed

l10: "rotor diameter" -> "rotor diameters" (and "dependency"!) Changed

l16: "accurate" -> "accurately" Changed

l17: This sentence could be formulated more clearly. Maybe changing "to fill" to "in order to fill" or add a comma somewhere. Changed, we have used “in order to fill”

P8, line 25 : « affected » instead of « effected » Changed
