Received and published: 30 April 2017

Dear reviewer,

Thank you very much for your positive review and your valuable feedback.

We are very grateful for your comments.

All the unclear points mentioned in the review have been clarified in the supplement.

The following format of answering the questions was chosen:

[Printer-friendly version](#)

[Discussion paper](#)

- Question/Comment (from the reviewer)
- Text from the manuscript (the related text from the manuscript – if needed)
- Answer (reply from the authors)
- Changes (new/modified text added to the manuscript – if needed)

Please do not hesitate to contact us for any further information.

We are at your disposal and willing to improve further our manuscript.

Kind regards,

Nikolaos Stergiannis et al.
