Received and published: 5 October 2018

Dear Reviewer,

Thank you for you constructive comments.

In the following we address the comments made, and point out the changes in the revised manuscript. Parts that have been rewritten or added have been highlighted in green in the revised version of the manuscript. General edits, and edits that are common to both referee suggestions have been made in red.

Best regards Stefan Ivanell with co-authors.

Please also note the supplement to this comment:
