Received and published: 15 July 2019

Dear authors, at your earliest convenience, please post your response to the comments from Reviewer #2. Moreover, I would kindly ask you to give a more detailed point-to-point response to the comments from Reviewer #1, in order to let me evaluate more in detail the modifications attended in the final paper.

Interactive comment on Wind Energ. Sci. Discuss., <https://doi.org/10.5194/wes-2019-21>, 2019.
