Hello Joseph,

Thanks for your answer. I do not have further comments for now, than the ones I made in the pdf file <https://www.wind-energ-sci-discuss.net/wes-2019-69/wes-2019-69-SC1-supplement.pdf>.

I also came to think of the data <https://www.rave-offshore.de/en/leikline.html>, and <https://pod.ore.catapult.org.uk/> (7MW turbine) which may be available to you for research purposes.

C1

All the best Rémi
