Dear authors, I encourage a resubmission. Based on your replies for the reviewer comments, most of them you have already considered. For the comment on what terminology to use for HiL test, I encourage to consider the terms proposed by Torben, however, it is a good idea to bring the discussion you have now in your response in the article, as it will further explain.

Interactive comment on Wind Energ. Sci. Discuss., <https://doi.org/10.5194/wes-2019-90>, 2019.
