Received and published: 7 August 2020

Dear prof. Dalhoff,

We thank you for the time and comments. In the supplement, we do our best to reply to the comments and propose improvements for the final manuscript. At first, we focus on the referee comments that were posted in the text of the manuscript. Secondly, the general comments from the cover letter will be answered. Attached please find a document with relevant answers.

Best regards,

Maciej Karczewski, Ph.D.
