

Comments to the author:

Dear Dr Liu and co-authors,

I have read your revised manuscript and your response to the reviewers' comments. I think you have addressed all the comments nicely and produced a nearly ready manuscript for publication. I have made a few comments in the document itself (attached). I also noticed that you did not format the references correctly. Would you please read the guidelines in <https://www.wind-energy-science.net/submission.html#references> and revise the references accordingly?

Congratulations on a very interesting manuscript, and thank you for choosing WES to publish your excellent work.

Best regards,
Andrea Hahmann
