

# Submission Author's Response

## **Remote Diagnostics for Power Converter Faults in Wind Turbines Based on Converter Control System Data**

*Timo Lichtenstein, Martin Hippenstiel, and Katharina Fischer*

*We would like to thank you for accepting our manuscript for submission. Regarding the remark*

Remarks from the preceding review file validation:

Your reference list includes a work “under review”. Such works can be cited upon submission if being available to the reviewers. They should not be cited in the final, accepted manuscript, unless published, accepted for publication, or available as preprint with a DOI.

*we updated the list of references to include the preprint's DOI of that one publication.*
